Re PH Council Davanagere at sitting meetings held on 30 & 31st and 10 & 11st have sanctioned the following estimates amounting to Rs 4,92,735/- including the estimate for Rs 36000/- for Construction of a Restaurant-building Bus Stand

4,92,735 (24, 67, 24, 68, 43, 30)

1. Cement-Concreting 10 furlongs of roads to a width of 18' 1,67,000/-

2 Asphalting several roads in the city for four years 64,000/

3 Construction of a Commercial 34,000/-

4 Construction of a Canteen building below Rent PH Staff 16,000/-

5 Purchase of Road Roller 36,535-

6 Construction of Box drain to Kalla from Hadadi road via Nittuvalli road Circles Rupalada Market. 79200/-

Construction of a Restaurant-building 36,000/-

Total 4,92735-

File No | of 195 | Mysore Government Secretariat

Serial No

The estimates & plans in respect of 1, 2, 3, 4 & 6 proposals have been received each of the estimates exceed Rs 25,000/- they have been scrutinised by the Chief Engineer before according sanction to these works

The DH Council have requested to sanction daily the amount as an outright grant and the other daily as loan repayable in easy instalments

In this connection it may be stated that grant assistance by way of grants will be given to works which are remunerative in nature such as drainage works, improvement works,

The grant assistance asked for the following purposes may not be accepted as they are remunerative in nature and that the DH Council should provide funds for such purposes

~~improvement of Road~~ Other

Construction of Swimming pool

Construction of a Canteen building behind DH Offices

Serial No

16) The following three works which are appear to be urgent works may perhaps be sanctioned after scrutiny by the Chief Engineer -

Cement Concreting 10 furlongs of Roads to a width of 18' 1,47,000/

2. Asphalting several roads in the City for four miles 1,44,000/-

3 Construction of a Box drain to Kalla from Hadadi Road via Nittuvalli Road towards Regulated Market- 79,200/-

17) Though these works are very costly it may however be sanctioned spreading the work for two or three years if required be

10 lakhs page 165 of Budget Estimate-) 18) The provision under D Loans & Advances by State Govt made during this year has already been distributed Hence no amount is available for being advanced as loan

19) There is a provision of Rs two lakhs available for distribution

Mysore Government Secretariat

page 166 (Budget Estimate)

under the head 57 Miscellaneous Contributions Contribution to Local Boards during the current year These proposals may perhaps be considered

Further there is also a provision of Rs 4,00,000 — 1/2 — 2,00,000 out of which Rs for Village Road Fund/number Rs 2,80,000 is available under 56 Civil Works Grants-in-aid and other Grants- The current year's Budget

page 156 (Budget Estimate)

The balance of Rs 2,80,000 is

The proposals are for orders

25/11

1) out of the provision of Rs 2,00,000 under 57 Miscellaneous Contributions", the L B Branch seems to have utilised a sum of Rs 15,000 for being given to Humpsteam Aeroplane sanitary Board Mrs requires clarification As regards the provision of Rs 2,80,000 (available under 56 Civil Works - Grant in aid) the Fin Branch has to be consulted whether this amount can be utilised

The point for orders is to what extent grant may be given towards each of the works and from

Serial No	
	may be framed - no balance is available under 'Loans & Advances' & the other funds for consideration is whether any grant may be given for remunerative works & towards the purchase of Road Roller. Ms 24/11
	22) During this year the amount provided in the Budget under "39-Public Health (b) Grants for Public Health purposes - 4 Miscellaneous Grants" for City
"S"	Municipality has been sanctioned to Mysore City Municipality on the request of the President that the works had to be taken up very urgently at Mysore of Rs 20,500* has been provided in the Budget for improving the Kempambudhi Dhobi Ghat in Bangalore Corporation
	23) All the Town Municipalities in the State have been given money either under Town Improvement Grants or Planning Commission Grants But the only Municipality for which the grant has not been given this year is Davangere City Municipality
	24) A sum of Rs 2 lakhs is available under "57- Miscellaneous - (e) contribution - 1 Contribution to Local Bodies (page 146 of the Budget Estimate Volume 1) It is not clear from the Budget Head which municipalities have to be given money out of this budget provision Secondly, this amount has not been allotted to any municipality The other Budget Head is "50-Civil

(Rs 50,000/- sanctioned)

Re-transmitted)

The estimate for the work has duly been scrutinized and corrected to Rs 1,25,500/- (Rupees one lakh twenty five thousand five hundred) only, subject to following observations

Under formationof roads, no mention has been made in respect of lead for Item No 1

The sub-estimate for asphalting has been corrected according to the specifications of M/s Burma Shell Oil Co , As per this, the cost per furlong for one coat surface dressing with Mexphalt for a width of 3 ft on either side comes to Rs 600/-

As there is a lot of difficulty to get cement it is a point for consideration whether this work may not be postponed, I am of opinion that instead of concreting, asphalting (~~concreting~~) may be done

Date 4th June 1955

D O No H [illegible] 55-56

Dear Sir,

I write to bring to your kind notice that liberal grants have not been sanctioned to this Municipality during previous years towards Public improvement works Davangere is a growing Commercial and Industrial City and the Municipality with its [illegible]der resources is urable to provide better amenities to the citizens. Cement roads are very necessary for our City Recently our Municipal Council have requested for a Government grant of Rs 30,000/- for Cement Concreting Bandipet road in the City

I request you to kindly sanction liberal City improvement grants at least to the extent of 2 lakhs of rupees during the current year

Thanking you,
Yours Sincerely,
K Veerabhadrappa

CM 18-55-4

Sir,

Subject:- Grants for City Improvement Works
in Davangere City for 1955-56

With reference to your letter No L 5562/CM 18-55-3, dated 16-8-1955 on the above subject I write to state as follows

Our City of Davangere is a growing Industrial Centre with three big Cotton Mills The floating population that visits our City is considerable The rapid development in Davangere City for the last decade in industries and trade have devolved very heavy financial burden on the slender shoulders of this young City Municipality Consequently Municipal expenditure has increased in conformity with the increased consciousness of Civic obligation consequent on the rapid growth of population Huge sums are required every year to provide for surface drainage, rapairs and renewal of wornout pipe lines, extension of underground drainage, provision of more and more street illumination and public fountains, increased number of latrines and urinals in addition to the usual obligatory expenditure for salaries, Dearness allowance to the staff, cost of materials, Cynogas, Malarial D D T , Phenol, alum, Chlorine etc , to meet the needs of this rapidly growing Industrial City While the Income of the Municipality is limited to nearly 7 lakhs in any good year the expenditure including annuity and interest on Government loans and Government contributions amounts to nearly 10 lakhs annually In these circumstances the Municipality was not able to devote sufficient attention to the urgent needs of the City such as formation of good roads, drains and other urgent civic amenities

The Municipal Council at their meetings held on 30-8-195[illegible] and 10-9-1955 have sanctioned the following estimates amount-ing to Rs ~~4,93,035~~ 4,92 735/- including the estimate for Rs 36000/- for Construction of a Restaurant building in Bus Sta

1)	Cement concreting 10 furlongs of roads to a width of 18'	Rs 1,47,000/-
2)	Asphalting several roads in the City for four miles	Rs 1,44,000/-
3)	Construction of a swimming pool	Rs 34,000/-
4)	Construction of a Canteen building behind Municipal Offices	Rs 16,000/-
5)	Purchase of a Road Roller	Rs 36,535/-
6)	Construction of a Box drain to halla from Hadadi road via Nittuvalli road towards Regulated Market	Rs 79,200/-

Further I write to state that the Municipal Council at their meeting held on 10-9-1955 have resolved that a deputation of the Council may wait on the Chief Minister, Government of Mysore and to place before him the need for Government help by way of loans and grants for undertaking the above urgent works among others

A short note on the urgent necessity of the above works is given below for your kind information

1) <u>Cement Concreting 10 furlongs of roads to a width of 18' at an estimated cost of Rs 1,47,000/-</u>

The estimate provides for cement concreting the Mandipet, Thambakpet, Chowkipet and Chamarajapet which are the busiest Commercial centres of the City to a width of 18' The existing cement- tar roads are completely worn out. By providing ~~tar~~ roads the Municipality need not incur recurring expenditure for the frequent repairs of the completely worn out tar roads

2) <u>Aspahalting several roads in the City for a length of 4 miles</u>

Except a few tar roads in the City all the roads in the City are either metal or gravel roads Due to increase in vehicular traffic, the public health will be detoriorated by

the dust As such it is proposed to asphahalt several very important roads of the City to a total length of 4 miles inside the City area

3 Construction of a swimming pool:

This is a long felt want of Davangere City It is proposed to construct a swimming pool at an estimated cost of Rs 24,000/- - behind the Municipal Offices

4. Construction of a canteen building behind the Municipal Office Building

The Courts and Police Offices Buildings have been newly constructed by the side of the Municipal Offices With a view to serve the litigant public coming to the Courts and the officials of these offices, the Council have decided to construct a canteen building behind the Municipal Offices at an estimated cost of - Rs 16,000/-, since there are no hotels nearby The Municipality will get rent by leasing this building

5 Purchase of a road roller:

The total length of roads in the City to be maintained by the Municipality is about 60 miles For want of road roller the repairs to roads and formation of new roads could not be attended to expeditiously and satisfactorily, moreover roller is essential for Aspahalting Roads also A road roller is a quite necessity As such the Municipal Council have resolved that a Diesel Road Roller including a Water sprayer at a cost of Rs 36,535/- be purchased

6 Construction of a Box drain to halla from Hadadi road via Nittuvalli road towards Regulated Market

A big halla passes in the middle of Hadadi Cooli Colony Every year due to scouring of halla water many of of the houses constructed by the side of the halla will be damaged To obviate this difficulty it is proposed to provide stone revetment to the halla wherever found necessary at an estimated cost of Rs 79,200/-

Construction of a Restaurant Building in the Bus Stand

An estimate for Rs 36,000/- in respect of this work was sanctioned by Government in their order No L 4166-68/CM 11-52-27, dated 8th July 1953 But in view of the poor state of finances of the Municipality the work could not be taken up so far The construction of Restaurant building in Bus stand is a dare necessity to the passengers It is now proposed to take up this work with the help of Government

In this connection I wish to bring to your kind notice that at the time the Minister for Public Health and Local Self Government was here on 3rd October 1955, he was pleased to visit the Spots in respect of improvement works now proposed to be undertaken Further in reply to the address presented to him by the Municipal Council on the same day he was pleased to assure, that the request of the Municipal Council for grants and loans for undertaking the City improvement works will be considered favourably

As already explained at the set the Municipality with its limitted resources is not in a position to undertake the above works itself though they are very urgent and important with a view to provide better aminities to the Citizens

I request that Government may kindly be moved kindly to sanction half the amount as an out right grant and the other half as loan repayable in easy instalments

Copies of resolutions of Municipal Council in this behalf are enclosed herewith for kind perusal

Yours Faithfully,

C Keshavamurthy

(C Keshavamurthy,)
PRESIDENT,
CITY MUNICIPAL COUNCIL,

The Municipal Commissioner,
Davanagere City Municipality,
(Thro' the President)

Sir,

Subject:- Grants for City Improvement works at Davanagere

-:-

In reply to letter No H C -/55-56 dated 2-11-1955 of the President, City Municipal Council, Davanagere, on the above subject, I am directed to state that as against the amount asked for towards the half of the cost of the works referred to therein, Government would consider the question of providing a sum of Rs one lakh for the cement concreting ten furlongs of roads and the balance has to be met out of the municipal funds It is felt that the work pertaining to the construction of Swimming Pool is not so urgent and therefore no grant can be given The other works may be taken up next year

In these circumstances I am to request you to furnish the opinion of the Municipal Council in the matter of taking up cement concreting of roads with a Government grant of Rs 1 lakh, the remaining cost being met by the Municipal Council

Yours faithfully,

(V Hanumanthappa)

Sir

Subj -Grants for City Improvement Works at Davangere City
grant of Rs one lakh for cement concreting of roads

With reference to your letter No L 11937/CM 18-55-6, dated 22-12-1955 on the above subject, I write to state that the Municipal Council at their meeting held on 28/29-12-1955, have resolved that Government be requested kindly to grant a sum of Rs One lakh and that the balance amount of the estimate of Rs 1,47,000/- be paid out of the closing balance of the Municipality

I therefore request you kindly to move Government for sanctioning an outright grant of Rs One lakh and also to accord sanction to meet a sum of Rs 47,000/- out of the Closing Balance of the Municipality for the current year

As there is a Municipal Engineer of the status of an Executive Engineer, the work will be taken up by Municipal Agency

I also request that sanction to the estimate in question (which is an enclosure to letter dated 2-11-1955 of the President) may kindly be accorded and the estimate returned for taking further action

A copy of the resolution of the Municipal Council referred to above is enclosed herewith for kind perusal

Date " 2nd November, 1955

Dear Sir,

I am glad to inform you that the Chief Minister has granted an interview to me and other Councillors on Friday the 4th November 1955, to discuss Municipal matters

We had requested you to kindly sanction grants and loans for urgent orks like cement concrete roads, Tarring roads, construction of Box-drains Construction of Bus-stand shelter and restaurant, Construction of Municipal Canteen Building and purchase of Steam Road Roller You were fully convinced that our demands were modest and had assured us in your reply to our address that you would help us as much as you could Now time has come to help us by putting a word to the Chief Minister to kindly consider & our demands favourably and give sanction liberal grants and loans For your information I would like to mention that no grants are being given to this Municipality for the year 1955-56

I will be intervi wing you goodself on 3rd night and explain in detail

Thanking you,

Yours Sincerly,
C Keshavamurthy

Macphail- for a width of 3 ft- on either side comes to Rs 600/-

Subject - Grants for City Improvement works at Davangere - Estimate for Cement-Concreting of 10 furlongs of Roads

L13813 CM 1855-8

27/1/56

Dear Sir,

In enclosing reference to your letter No HC 122/55-58 of 30/12/55 - On the above subject I am desired by Hole - Khal Re - Chief Engineer of Mysore while sanctioning the estimate - Relating to Cement - Concreting 10 furlongs of Roads at a cost of Rs 1,47,000 has observed as follows.

Under formation of Roads no mention has been made in respect of lead for stones

The sub estimate for asphalting has been Corrected according to the specifications of M/s Burma Shell Oil Co As per this, the cost per furlong for one Coal-Surface dressing with Macphail - for a width of 3 ft - and either side comes to Rs 600/-

As there is a lot of difficulty to get
Cement at is a point for Consideration
Whether this work may not be postponed
I am of opinion that entire of
Concreting, asphalting Chipping carpet
may be done

In view of the above opinion of
the Chief Engineer I am to request
you kindly to forward the views
of the DM Council in the matter within 8 days
positively

Yours

Subj - Cement concreting of roads in Davangere City

Ref:- Your letter No.L 13813/CM 18-55-8, dated 27-1-1956

In confirming the marginally noted telegram sent to you to-day on the above subject, I write to state that the Controller of Civil Supplies in Mysore, Bangalore has already issued a permit for 200 tons of cement on Bhadravathi works and has also stated in his letter No 5o10, dated - 28th January 1956 (copy enclosed for kind information) that the balance quantity of 250 tons of cement required for the works will be issued in two instalments either from the works or from the dealers having stocks in Bangalore or elsewhere to enable to complete the works before March 1956

REFERENCE CEMENT CONCRETE ROAD ()
ALL CEMENT REQUIRED SECURED - ()
PLEASE SANCTION ESTIMATE IMME- ()
DIATELY LETTER FOLLOWS ()

Further I write to state that the Municipal Council at their meeting held on 30-1-1956 have resolved that since the Controller of Civil Supplies in Mysore, Bangalore has already issued a permit for 200 tons of Cement and has assured that the balance quantity of 250 tons required for the work will be issued before March 1956, Government be requested kindly to accord sanction to the estimate for Rs 1,47,000/- for Cement concreting of roads in the City

The lead to be allowed in respect of item No 1 of the estimate collection of Jelly in this City is 12 miles

I request you kindly to accord sanction of Government to the estimate for Rs 1,47,000/- for Cement Concreting of roads in the City at a very early date since the entire quantity of cement is secured and as there is no difficulty for cement as opined by the Chief Engineer A copy of the resolution of the Municipal Council referred to above is enclosed for kind information

I request the favour of very early action in the matter

MEMORANDUM SUBMITTED TO THE

HON'BLE SRI K HANUMANTHIAH, B A , LL B ,

CHIEF MINISTER, GOVERNMENT OF MYSORE,

BY THE PRESIDENT AND MEMBERS OF DAVANGERE CITY MUNICIPAL COUNCIL

ON 4TH NOVEMBER 1955

- o0o:-

Respected Sir,

We the President and Members of the City Municipal Council, Davangere beg to express our most grateful thanks to your kind self for having accorded us an audiance Being a veteren Congressman you have served our State as the Chief Minister from the last 4 years and we are fully aware that during your regime as Chief Minister of Our State you have striven your best to secure for the alround development of the State

Outright grant of one lakh of rupees for City Improvement Works:

We request you very kindly sanction an outright grant of one lakh of Rupees for providing civic amenities such as surface - drainage in extensions, repairs and renewal of worn out pipe lines formation of metal roads, construction of culverts, construction - and repair of S P drains, improvements to public parks, formation of a childrens parks in labour areas and Harijan Colonies

2 Our City of Davangere is a growing Industrial Centre with three big Cotton Mills The floating population that visits our City is considerable The rapid development in Davangere City for the last decade in industries and trade have devolved very heavy - financial burden on the slender shoulders of this young City Municipality Consequently Municipal Expenditure has increased in conformity with the increased consciousness of Civic obligation consequent on the rapid growth of population Huge sums are required every year to provide for surface drainage, repairs and renewal of wornout pipe lines, extension of underground drainage, provision of more and more street illunination and public fountains,

increased number of latrines and urinals in addition to the usual obligatory expenditure for salaries, Dearness Allowance to the - staff, cost of materials, Cynogas, Malarial, D D T, Phenol, alum, Chlorine etc , to meet the needs of this rapidly growing Industrial City While the income of the Municipality is limited to nearly 7 lakhs in any good year the expenditure including annuity and - interest on Government loans and Government contributions amounts to nearly 10 lakhs annually In these circumstances the Municipality was not able to devote sufficient attention to the urgent needs of the City such as formation of good roads, drains and other urgent civic amenities

The Municipal Council at their meetings held on 30-8-1955 and 10-9-1955 have sanctioned the following estimates amounting to Rs 4,92,735/- including the estimate for Rs 36,000/- for construction of a Restaurant building at Bus Stand

1) Cement concreting 10 furlongs of roads to a width of 18'	Rs 1,47,000/-
2) Aspahalting several roads in the City for four miles	Rs 1,44,000/-
3) Construction of a swimming pool	Rs 34,000/-
4) Construction of a Canteen building behind Municipal Offices	Rs 16,000/-
5) Purchase of a Road Roller	Rs 36,535/-
6) Construction of a Box drain to halla from Hadadi road via Nittuvalli road towards Regulated Market	Rs 79,200/-

A short note on the urgent necessity of the above works is given below for your kind information

(1) Cement Concreting 10 furlongs of roads to a width of 18' at an estimated cost of Rs 1,47,000/-

The estimate provides for cement concreting the Mandipet, Thambakpet, Chowkipet and Chamarajapet which are the busiest Commercial Centres of the City to a width of 18' The existing tar roads are completely worn out By providing cement roads the Municipality need not incur recurring expenditure for the frequent repairs of the completely worn out tar roads

(2) Aspahalting several roads in the City for a length of 4 miles

Except a few tar roads in the City all the roads in the City are either metal or gravel roads Due to increase in vehicular traffic, the public health will be detoriorated by the dust As such it is proposed to aspahalt several very important roads of the City to a total length of 4 miles inside the City area

(3) Construction of a swimming pool:

This is a long felt want of Davangere City It is proposed to construct a swimming pool at an estimated cost of Rs 34,000/- behind the Municipal Offices

(4) Construction of a canteen building behind the Municipal Office Building:

The Courts and Police Offices Buildings have been newly constructed by the side of the Municipal Offices With a view to serve the litigant public coming to the Courts and the officials of these offices, the Council have decided to construct a canteen building behind the Municipal Offices at an estimated cost of Rs 16,000/-, since there are no hotels nearby The Municipality will get rent by leasing this building

(5) Purchase of a road roller:

The total length of roads in the City to be maintained by the Municipality is about 60 miles for want of road roller the repairs to roads and formation of new roads could not be attended to expeditiously and satisfactorily, moreover roller is essential for Aspahalting Roads also A road roller is a quite necessity As such the Municipal Council have resolved that a Diesel Road Roller including a Water sprayer at a cost of Rs 36,535/- be purchased

(6) Construction of a Box drain to halla from Hadadi road via Nittuvalli road towards Regulated Market

A big halla passes in the middle of Hadadi Cooli Colony Every year due to scouring of halla water many of the houses

nstructed by the side of the halla will be damaged To obviate this difficulty it is proposed to provide stone revetment to the - halla wherever found necessary at an estimated cost of ₹ 79,200/-

(7) Construction of a Restaurant Building in the Bus Stand

An estimate for ₹ 26,000/- in respect of this work was sanctioned by Government in their order No L 4160-68/CM 11-52-27, dated 8th July 1953 But in view of the poor state of finances of the Municipality the work could not be taken up so far The construction of a Restaurant buildingin Bus Stand is a dire necessity to the passengers It is now proposed to take up this - work with the help of Government

In this connection we wish to bring to your kind notice that at the time the Minister for Public Health and Local Self-Government was here on 3rd October 1955, he was pleased to visit the spots in respect of improvement works now proposed to be - undertaken Further in reply to the address presented to him - by the Municipal Council on the same day he was pleased to assure that the request of the Municipal Council for grants and loans for undertaking the City Improvement Works will be considered - favourably

As already explained at the out set the Municipality with its limited resources is not in a position to undertake the above works iteself though they are very urgent and important with a - view to provide better aminities to the Citizens

We earnestly request you to sanction half the amount as an out right grant and the otherhalf as loan repayable in easy instalments

We also request you to kindly give administrative sanction for the above works

The President and Members of the Davanagere City Municipal Council would wait in deputation on the Chief Minister on 4th November 1955, for discussion on the following subjects -

To waive the recovery of Rs 20,000/- being the annual contribution by the Municipal Council towards the Occupational Institute at the place

The Municipal Council has been urging that the payment of Rs 20,000/- out of the Municipal funds to the Institute annually may not be insisted upon and the amount due as arrears to the Institute may also be waived on the ground that the financial position of the municipal council is not sound and that it is not in a position even to pay the Government contribution regularly The question has been examined several times and it was found not possible to comply with the request of the municipal council Please see the opinion of the Director of Public Instruction in paras 46 to 51 of the notes of the Collection C I 34/54, Sl Nos 3 & 4, placed below In the light of the opinion given by the Director of Public Instruction, a reply was sent to the Municipal Council in this office letter No 7452/CM 34-54-4 dated 26-9-54 to the effect that the municipal council should pay the arrears due by it from 1951-52, regularly, as the courses in the Institution started only on the initiative and moral assurance of the municipal council for regular contribution of the amount promised, and that it cannot go back on its promise after the courses are started and claim for any concession In these circumstances, the members of the municipal council may be appraised of this fact and told that they have to clear the arrears and continue the contribution annually without fail

But it is a fact that the municipal council became a City Municipalit about 7 years, and it has to pay heavy loars to Government Its financial position will considerably improve, if Rs 20,000/- is waived and the amount due so far is treated as loan to Government recoverable in 15 annual instalments

(2) The request for loans and grants for development works such as -

i) cement concreting roads,
ii) asphalting of roads
iii) construction of a swimming pool
iv) restaurant building in bus-stand,
v) municipal office canteen building,
vi) construction of box-drain along the halla in Hadadi cooli colony, and
vii) purchase of a road roller

This year no amount is given as outright grant to the Municipal Council A sum of Rs 2 lakhs is available in the Budget under the Head "57-Miscellaneous, e Contribution to Local Bodies," during the current year But this meant of helping local bodies ~~for~~ to make up deficit ~~in~~ in budgetting

The following amounts 3/11 are available under loans & grants

Loans 21,550 only

Grants Rs Nil

5666

MEMORANDUM SUBMITTED TO THE

HON'BLE SRI. K. HANUMANTHIAH, B A , LL.B ,

CHIEF MINISTER, GOVERNMENT OF MYSORE,

BY THE PRESIDENT AND MEMBERS OF DAVANGERE CITY MUNICIPAL COUNCIL

ON 4TH NOVEMBER 1955.

-:o0o:-

Respected Sir,

We the President and Members of the City Municipal Council, Davangere beg to express our most greatful thanks to your kind self for having accorded us an audiance Being a veteren Congressman you have served our State as the Chief Minister from the last 4 years and we are fully aware that during your regime as Chief Minister of Our State you have striven your best to secure for the alround development of the State

1. Outright grant of one lakh of rupees for City Improvement Works:

We request you very kindly sanction an outright grant of one lakh of Rupees for providing civic amenities such as surface - drainage in extensions, repairs and renewal of worn out pipe lines formation of metal roads, construction of culverts, construction - and repair of C.P. drains, improvements to public parks, formation of a childrens parks in labour areas and Harijan Colonies.

2. Our City of Davangere is a growing Industrial Centre with three big Cotton Mills The floating population that visits our - City is considerable. The rapid development in Davangere City for the last decade in industries and trade have devolved very heavy financial burden on the slender shoulders of this young City Municipality Consequently Municipal Expenditure has increased in conformity with the increased consciousness of Civic obligation consequent on the rapid growth of population Huge sums are required every year to provide for surface drainage, repairs and renewal of wornout pipe lines, extension of underground drainage, provision of more and more street illumination and public fountains,

increased number of latrines and urinals in addition to the usual obligatory expenditure for salaries, Dearness Allowance to the staff, cost of materials, Cynogas, Malarial, D.D T, Phenol, alum, Chlorine etc., to meet the needs of this rapidly growing Industri City. While the income of the Municipality is limited to nearly 7 lakhs in any good year the expenditure including annuity and - interest on Government loans and Government contributions amounts to nearly 10 lakhs annually. In these circumstances the Municipality was not able to devote sufficient attention to the urgent needs of the City such as formation of good roads, drains and oth urgent civic amenities.

The Municipal Council at their meetings held on 20-8-1955 and 10-9-1955 have sanctioned the following estimates amounting to Rs.4,92,735/- including the estimate for Rs.36,000/- for construction of a Restaurant building at Bus Stand.

1) Cement concreting 10 furlongs of roads to a width of 18'	Rs.1,47,000/-
2) Asphalting several roads in the City for four miles	Rs.1,44,000/-
3) Construction of a swimming pool	Rs. 34,000/-
4) Construction of a Canteen building behind Municipal Offices	Rs. 16,000/-
5) Purchase of a Road Roller	Rs. 36,535/-
6) Construction of a Box drain to halla from Madadi road via Kittu-valli road towards Regulated Market	Rs. 79,200/-

A short note on the urgent necessity of the above works is given below for your kind information.

(1) Cement Concreting 10 furlongs of roads to a width of 18' at an estimated cost of Rs.1,47,000/-

The estimate provides for cement concreting the Mandipet, Thambakpet, Chowkipet and Chamarajapet which are the busiest Commercial Centres of the City to a width of 18'. The existing tar roads are completely worn out By providing cement roads the Municipality need not incur recurring expenditure for the - frequent repairs of the completely worn out tar roads.

(2) Aspahalting several roads in the City for a length of 4 miles:

Except a few tar roads in the City all the roads in the City are either metal or gravel roads Due to increase in vehicular traffic, the public health will be detoriorated by the dust As such it is proposed to aspahalt several very important roads of the City to a total length of 4 miles inside the City area.

(3) Construction of a swimming pool:

This is a long felt want of Davangere City It is proposed to construct a swimming pool at an estimated cost of Rs.34,000/- behind the Municipal Offices

(4) Construction of a canteen building behind the Municipal Office Buildings:

The Courts and Police Offices Buildings have been newly constructed by the side of the Municipal Offices With a view to serve the litigant public coming to the Courts and the officials of these offices, the Council have decided to construct canteen building behind the Municipal Offices at an estimated cost of Rs 10,000/-, since there are no hotels nearby The Municipality will get rent by leasing this building.

(5) Purchase of a road roller:

The total length of roads in the City to be maintained by the Municipality is about 60 miles for want of road roller the repairs to roads and formation of new roads could not be attended to expeditiously and satisfactorily, moreover roller is essential for Aspahalting Roads also A road roller is a quite necessity. As such the Municipal Council have resolved that a Diesel Road Roller including a Water sprayer at a cost of Rs.30,525/- be purchased.

(6) Construction of a Box drain to halla from Hadadi road via Nittuvalli road// towards Regulated Market:

A big halla passes in the middle of Hadadi Cooli Colony Every year due to scouring of halla water many of the houses

constructed by the side of the halla will be damaged To obviate this difficulty it is proposed to provide stone revetment to the halla wherever found necessary at an estimated cost of Rs.79,200

(7) Construction of a Restaurant Building in the Bus Stand:

An estimate for Rs.36,000/- in respect of this work was sanctioned by Covernment in their order No L.4160-58/CM.11-52-27, dated 8th July 1953. But in view of the poor state of finances of the Municipality the work could not be taken up so far. The construction of a Restaurant buildingin Bus Stand is a dare necessity to the passengers It is now proposed to take up this - work with the help of Covernment

In this connection we wish to bring to your kind notice that at the time the Minister for Public Health and Local Self-Covernment was here on 2rd October 1955, he was pleased to visit the spots in respect of improvement works now proposed to be undertaken Further in reply to the address presented to him - by the Municipal Council on the same day he was pleased to assure that the request of the Municipal Council for grants and loans for undertaking the City Improvement Works will be considered favourably

As already explained at the out set the Municipality with its limited resources is not in a position to undertake the above works iteself though they are very urgent and important with view to provide better aminities to the Cityzens.

We earnestly request you to sanction half the amount as an out right grant and the otherhalf as loan repayable in easy instalments.

We also request you to kindly give administrative sanction for the above works.

3. Payment of annual contribution towards Occupation Institute:

The Municipal Council with its limited financial resources is quite unable to pay the heavy annual contribution of Rs.50,000/- and also to pay the arrears of contribution amounting to Rupees One Lakhs from the year 1951-52

We wish to submit that this contribution is not an obligatory duty of the Municipal Council All students/ studying in the Occupational Institute are not residents born in Davangere but comprise of students from various parts of the State We wish to bring to your kind notice that any of the Municipalities such as Hassan, Mysore, Chintamani etc , in the State are not ~~xxxxxx~~ paying such contribution. Our finances are so bad that we cannot meet our day to day obligatory expenditure and on account of existence of heavy outstanding arrears due to Government by way of annuity towards loan and Interest, Medical contribution etc , it is very difficult to pay the contribution as well as arrears

We request you kindly to waive the arrears of contribution and also cancel the payment of contribution in future

4. Railway Underbridge at the Eastern Level Crossing:

The immediate construction of an underbridge at the Eastern Railway Crossing which is the busiest Central part of the City; with the heaviest traffic; causing great inconvenience to road traffic; is very necessary since the traffic will be held up to the utmost inconvenience of public and business man.

On repeated requests made by the Municipal Council, the Railway authorities have agreed to construct the bridge provided the Municipal Council could pay the cost of approaches The Municipal Council have agreed to bear the cost of approaches and have requested the Railway authorities to commence the work early.

We request you kindly recommend to the Railway authoriti to take up the work on Top priority basis We also request yo kindly order to meet the cost of approaches out of Government funds, on account of the bad finances of the Municipal Council and also in view of the fact that the underbridge comes in a State Fund road i.e., Jagalur - Channagiri road.

5 Grant of Rs 40,000/- for the construction of a Gymnasium in the proposed Sports Stadium at Davangere:

Sri Dharmappakasha R Para Setty has kindly donated sum of Rs.20,000/- for the construction of a Sports Pavilion The Municipal Council have granted an extensive site measuring 585' x 600' free of cost for the use of the pavilion grounds. The earnest aspiration of the Municipal Council is to have a good Gymnasium in the Sports Pavilion so as to cater to the needs of the youths that are studying in the Colleges at this place We request that a grant of Rs.40,000/- may kindly be sanctioned.

We once again submit that our representationsbe favourably considered and liberal grants and loans be kindly sanctione

We pray God Almighty to bestow on you increased happines and prosperity and long life to serve our Country for very long time

Yours Faithfully,

C Kariyamanna

PRESIDENT AND MEMBERS OF THE DAVANGERE CITY MUNICIPAL COUNCIL

Dated: , 4th Nov 55

C Mohammuddy

PRESIDENT AND MEMBERS OF THE
DAVANGERE CITY MUNICIPAL COUNCIL.

Dated, 4th November 1955.

CONSTRUCTION OF A BAJANA MANDIR IN A.K. HATTI AT

DAVANGERE CITY

-1-

There are about 250 houses in the A.K. Hatti and the construction of a Bajana Mandir for the Cultural Development of the residents of A.K. Hatti is keenly felt The Hon'ble Minister for Public Health and Local Self-Government was - pleased to inspect the A.K. Hatti on 3-9-1955 The residents of the locality represented to him for sanction of a Government grant of Rs.5,000/- for the construction of a Bajana Mandir The Minister was pleased to assure them that the matter will be considered favourably

We request you kindly sanction a grant of Rs.5,000/- out of the Cultural Development funds or Depressed Class Amelioration Funds to the Municipality to enable us to provide a Bajana Mandira The Municipal Council have granted two sites free of cost for the purpose.

PRESIDENT AND MEMBERS OF THE
DAVANGERE CITY MUNICIPAL COUNCIL.

CPH 5.
